

Marine Teens

at the Seacoast Science Center

Environmental Adventures for Ages 12-15

Do you have a student in your house between the age of 12 and 15? Would they enjoy going on field trips, participating in stewardship programs and hanging out with other like minded teens? Thanks to the generous support of Bank of America, we've created a series of adventure filled, marine related activities for 2009. Students can sign up for one or all of the adventures. All activities are chaperoned by Center's education staff.

Friday
March 27
6-9pm

Spring Kick-Off Celebration

Join us for an evening of fun indoor games and tide pooling under the stars! We'll begin the festivities with a pizza party and then head out onto the rocky shore with head lamps for an awesome twilight tide pooling excursion! After returning to the Center, we'll dim the lights and play some exciting games.

Saturday
May 16
11am-4pm

Field Trip to the Museum of Science

Marine Teens will visit the Museum of Science in Boston. First, a scavenger hunt will guide us through the exhibits. Then, we'll be seeing the Earth's most dynamic landscapes fill the giant IMAX screen! The *Greatest Places* film will take us on a geographical odyssey to seven amazing locations, including Greenland's giant icebergs, Tibet's Chang Tang Plateau, and Iguazu's immense waterfall.

Monday
July 13
8:30am-noon

Marine Teens Go Whale Watching

Teens will venture out into the Gulf of Maine to see whales and wildlife. Activities on the boat will compliment seeing live animals. Teens will also learn how they can help protect the Gulf of Maine and its inhabitants.

Saturday
Sept. 26
11am to 3pm

Kayaking and a Coastal Clean-up

Teens will travel by kayak to inlets and beaches. We will learn a little about coastal ecology and help to be stewards of the sea by conducting a beach clean ups.

Wednesday
November 11
11am to 3pm

Techno Teens

Since school is out we'll get together in the Center's Gregg Interactive Learning Studio. Teens will be "transported" to a far-away place through green screen activities and through a distance education program. After pizza and munchies, teens will work together to play educational games on laptops and start an *Marine Teens* You-Tube eco-video.

Cost

Members \$8
Non-members \$10
